

Returning to school

June 2020

Everyone will
come in and leave
through different
ways— year 6 will
come through the
gate.

Woods Corner
class children will
come in through
the front door.

The classroom looks different

To help us stay healthy we have to try and keep apart from our friends

We won't be using all of our normal rooms

To help us stay healthy we will all sit at desks by ourselves

It will be different but hopefully it will not be for long

To stop the germs spreading we must wash our hands lots throughout the day

Make sure you wash them properly

We have new hand sanitizer stations—you can use these to keep your hands clean.

You should wash your hands or use the hand sanitizer lots throughout the day

If you have to cough, cough into the joint of your elbow

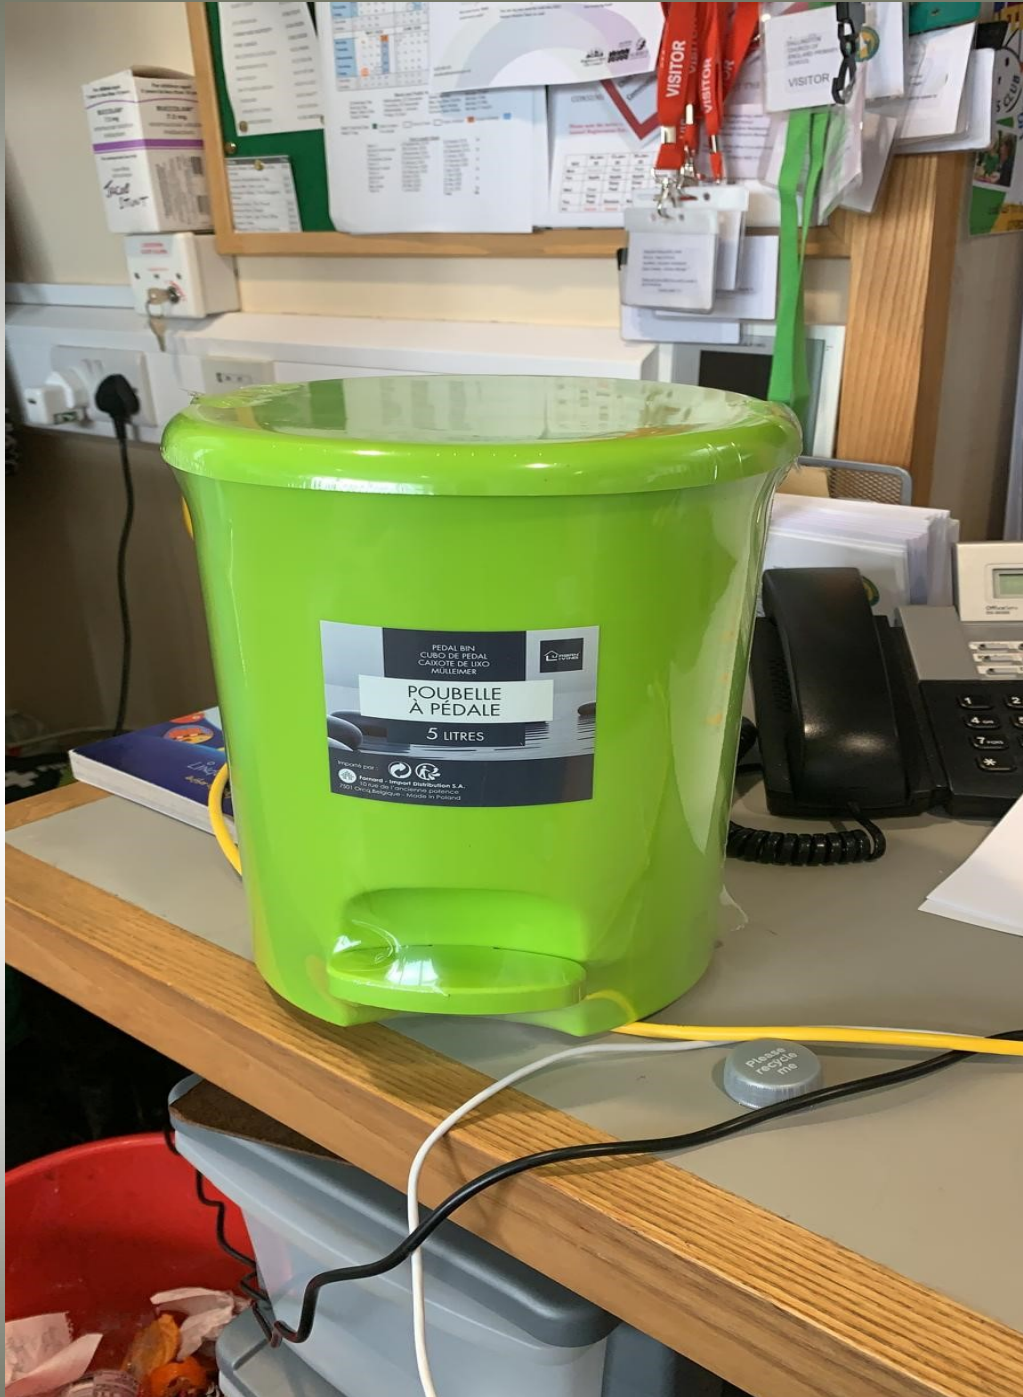

✗ Wrong

✗ Wrong

✓ Right

If you use a tissue
make sure it goes
into our new
peddle bins. They
are nice and bright
and all classes
have one

2 METERS

If you have to go out in public
make sure you stand
2 meters away from others.
That's the size of a bear.
