Dallington procedures in red

It is being kept under review as updated guidance is published by the Government and reviews of the impact of COVID-19 by Public Health England.

Schools should share the results of their risk assessment with their workforce (including local union representatives). If possible, they should consider publishing it on their website to provide transparency of approach to parents, carers and pupils (HSE would expect all employers with over 50 staff to do so).

The [DfE latest documents and guidance webpage](#) is being updated regularly
